The OCHS is encouraging an educational renaissance in the area of Hindu studies. You will be at the forefront in further developing a Recognised Independent Centre of Oxford University.

You will be helping to give the Hindu community an articulate voice in today's world, openly promoting intelligent discussion on relevant issues.

Your contribution will help to preserve texts, art and artifacts for future generations.

Your support will enable us to fund students, strengthen Hindu identity, give lectures and pursue research, all aimed at giving the rich past and present of Hinduism a greater place in today's world.
